The rates of Landing and Shipping Fees leviable on all goods at the Port of Mangalore are expressed in Rs. As. Ps. on account of the enhancement of rates by Re.0.0.9 vide G.O.Ms.No.145 (P.W.) Marine dated 12.1.1954. Much hardships were experienced in the calculation and assessments of the Landing and Shipping Dues, as fractions of pies were involved, which had to be rounded of in the aggregate total of each application resulting in the loss of precious time and unnecessary delay in passing bills. The Mangalore Port Trust Board, in its Resolution No.141(b) dated 13th September 1955 has, therefore, proposed to round off the rates to the nearest anna taking six pies and above to the next higher anna and five pies and below to the next lower anna-vide copy of the Board's Resolution referred to, is enclosed.

It is requested that the Government may be pleased to accord sanction to the above proposals.

Necessary draft notification prepared accordingly to amend the schedule of rates in (Schedule A) issued in Part II under P.W. (Marine) notification No.36 dated 12.5.1955 published on pages 1138 to 1146 of the Fort St. George Gazette, Part I dated 3.8.1955 is herewith submitted in duplicate for favour of approval and publication in the official Gazette under Section 47 of the Mangalore Port Trust Act. These amendments may be brought into force from 1st November 1955. The rounding of rates amounts to enhancement of rates by 3 pies per unit of charge on most of the items which is expected to result in an additional revenue of Rs.3,500/. approximately per year.

Encl: Resolution No. 141(b) dated 13.9.1955 of the Mangalore Port Trust Board.
Draft Notification in duplicate.
